### **ABSTRACT**

*During this era, our planet is in risk by the human activities,. Nature is in dark condition. This article is discussing about how libraries can motivate people towards a green environment and what the roles of library professionals are. Discussion is done how by constructing a GREEN LIBRARY the human kind starts the go green project. The study is shading light on how library professionals can take part in green library movement and their social responsibilities. The one and only motto is to make people aware about making our planet safe.*
