ABSTRACT

This study entitled “Use of library material and service priority of the user in the Bankura district library” is the result of the study carried out in this public library. In this study, 60 readers were surveyed with the help of a structured questionnaire. Observation and record analysis techniques are also used for gathering some type of data. The result of the study which aims to find out what is the users’ perception of the library and also their need for the library. A majority of the users are not satisfied with an existing collection and their recommendation for library development mainly on collection development, internet facility and up to date catalog etc.
